

Ascension Providence Women & Children's Services

Services offered:

- 24/7 OB emergency care
- Maternal-fetal medicine and neonatal specialty care (Started in 2022)
- Inpatient breastfeeding support
- Outpatient lactation services
- Childbirth classes
- Labor, delivery and postpartum care
- Midwifery services
- Neonatal intensive care (Level II NICU)
- Post-op gynecological care
- Perinatal loss support

Ascension Providence's Women and Newborn's Center cares for over 300 patients every month, and the need is growing.

Growth Need/Goals:

- 5th floor expansion/renovations to meet community demand, including adding additional:
 - Labor & Delivery Rooms
 - AntePartum Beds
 - Operating Room
 - NICU Beds
 - Call Rooms
 - Outpatient Rooms
- Level III NICU Designation
- Equipment/Technology to expand and enhance care

Labor & Delivery cares for an average of 250 patients every month, and the Neonatal Provider Team cares for an average of 60 babies every month in the Level II NICU and on the Women and Newborn's floor.
